this reference grammar provides for the first time a description of the grammar of mandarin chinese the official spoken language of china and taiwan in functional terms focusing on the role and meanings of word level and sentence level structures in actual conversations

this italian reference grammar provides students teachers and others interested in the italian language with a comprehensive accessible and jargon free guide to the forms and structure of italian whatever their level of knowledge of the language learners of italian will find this book indispensable it gives clear and detailed explanations of everything from the most elementary facts such as the relation between spelling and pronunciation or the forms of the article to more advanced points such as the various nuances of the subjunctive formal or archaic discourse is distinguished from informal everyday usage and regionalisms are also

indicated where appropriate the authors have taken care to make it an easy and illuminating reference tool extensive cross referencing enables readers to quickly find the information they require and also stimulates them to discover new related facts

bislama is the national language of vanuatu the world's most linguistically diverse nation with at least 80 actively spoken oceanic languages used by about 200 000 people bislama began as a plantation pidgin based on english in the nineteenth century but it has since developed into a unique language with a grammar and vocabulary very different from english it is one of very few national languages for which there is no readily available reference grammar this book aims to fill this gap by providing an extensive account of the grammar of bislama as it is used by ordinary ni vanuatu it does not therefore aim to describe any kind of artificial written norm but sets out to capture a range of different kinds of ways that ni vanuatu will say things in various contexts both written and spoken formal and informal the thrust of this volume is to show that bislama has a grammar an unfamiliar concept for those educated in vanuatu it also shows that bislama is a language of considerable complexity which will come as a surprise to many of its users who have been taught to view their language as somehow simple and even deficient

have you ever wondered about a japanese sentence your textbook fails to explain do you feel unsure about the use of wa ga and mo or what the rules and meanings of words in their literary forms are if so you will find your answers in a reference grammar of japanese the most comprehensive and reliable reference source available with an extensive 105 page index the reader will quickly find explanations for particles such as wa ga mo ni and de difficult nouns such as mono koto tokoro wake hazu and tame sentence extensions such as ne yo sa yara and nari verb tenses literary forms negative forms in short everything concerned with the japanese language for the serious student this book is indispensable for clearing up the ambiguities of puzzling japanese sentences

a reference grammar of spanish is a comprehensive handbook on the structure of the spanish language keeping technical terminology to a minimum it provides a detailed yet clear point of reference on all the intricacies of spanish grammar covering word order parts of speech verb use syntax gender number alphabet and pronunciation accompanied by a wealth of carefully chosen examples it looks at spanish in iberia the usa mexico and argentina and demonstrates the differences between these varieties it is designed specifically with english speaking learners in mind and contains useful tools such as a glossary of terms an index and a detailed examination of different registers of the language clearly structured and systematically organised this volume is set to become the standard guide to the grammar of contemporary spanish and will be an invaluable resource for teachers and students as well as a practical supplement to textbooks and classroom study

abridged and revised this reference grammar offers intermediate and advanced students a reasonably comprehensive guide to the morphology and syntax of educated speech and plain prose in spain and latin america at the end of the twentieth century spanish is the main usually the sole official language of twenty one countries and it is set fair to overtake

english by the year 2000 in numbers 2 of native speakers this vast geographical and political diversity ensures that spanish is a good deal less unified than french german or even english the latter more or less internationally standardized according to either american or british norms until the 1960s the criteria of internationally correct spanish were dictated by the real academia espanola but the prestige of this institution has now sunk so low that its most solemn decrees are hardly taken seriously witness the fate of the spelling reforms listed in the nuevas normas de prosodia y ortografia which were supposed to come into force in all spanish speaking countries in 1959 and nearly forty years later are still selectively ignored by publishers and literate persons everywhere the fact is that in spanish correctness is nowadays decided as it is in all living languages by the consensus of native speakers but consensus about linguistic usage is obviously difficult to achieve between more than twenty independent widely scattered and sometimes mutually hostile countries peninsular spanish is itself in flux

a new reference grammar of modern spanish is a comprehensive cohesive and clear guide to the forms and structures of spanish as it is written and spoken today in spain and latin america it includes clear descriptions of all the main grammatical phenomena of spanish and their use illustrated by numerous examples of contemporary spanish both peninsular and latin american formal and informal fully revised and updated the sixth edition is even more relevant to students and teachers of spanish the sixth edition includes new chapters providing more detail and examples of key areas of spanish grammar an increased number of mexican examples to reflect the growing interest in this country s variety of spanish new information for readers studying spanish and french together a glossary of grammatical terms including english translations of spanish terms the combination of reference grammar and manual of current usage is invaluable for learners at level b2 c2 of the common european framework for languages and intermediate high advanced high on the actfl proficiency scales

this text provides a comprehensive guide to the forms and structures of the spanish spoken and written in spain and latin america examples have been introduced drawing on contemporary spanish and latin american usage

when laurence thompson s original vietnamese grammar first appeared in 1965 it went almost instantly to the top of the list of required reading for serious students of the vietnamese language it has stayed there ever since but in recent years the title has become almost impossible to find either in bookstores or in libraries where original copies have often grown woefully ragged and marked up or are now simply missing in the meanwhile the author has become aware of a number of minor infelicities and typographical errors requiring correction thus both demand and scholarship have dictated this re edition from the editor s note

a reference grammar of modern standard arabic is a comprehensive handbook on the structure of arabic keeping technical terminology to a minimum it provides a detailed yet accessible overview of arabic in which the essentials of its phonology morphology and

syntax can be readily looked up and understood accompanied by extensive examples it will prove an invaluable practical guide for supporting students textbooks classroom work or self study and will also be a useful resource for scholars and professionals wishing to develop an understanding of the key features of the language

a reference grammar of mbili explores the major linguistic components of the mbili language from a primarily descriptive point of view and within the cultural context of this bantu language spoken in cameroon

a comprehensive handbook on the structure of the spanish language ideal for students and teachers

volumes in the trends in linguistics documentation series focus on the presentation of linguistic data the series addresses the sustained interest in linguistic descriptions dictionaries grammars and editions of under described and hitherto undocumented languages all world regions and time periods are represented

features the structure of the french language including new information on register pronunciation gender number foreign words adjectives and past participles used as nouns text word order frequency of occurrence of words and usage with all geographical names

published through the recovering languages and literacies of the americas initiative supported by the andrew w mellon foundation this is the first descriptive grammar of kotiria wanano a member of the tukanoan language family spoken in the vaupes river basin of colombia and brazil in the northwest amazon rain forest the kotirias have lived in this remote region for more than seven hundred years and participate in the complex vaupes social system characterized by longstanding linguistic and cultural interaction the kotirias remained relatively isolated from the dominant societies until the early part of the twentieth century when the region began to experience increasing outside influence leading to processes of rapid social and linguistic change today the kotirias number only about sixteen hundred people and their language though still used in traditional communities is rapidly becoming endangered kristine stenzel draws on eight years of intensive work with the kotirias to promote record and revitalize their language working with dozens of native speakers and drawing on numerous oral narratives and written texts this book is the first comprehensive study of this endangered language and one of the few reference grammars of this language family
